ABOUT SREE SUPREME SOLDERS

FOUR DECADES OF SOLDERING EXPERTISE

A STRONG LEGACY. A BRIGHTER TOMORROW.

SREE SUPREME SOLDERS, established in **1986** by **Mr. P. Sekar**, is a Madurai-based manufacturer of high-quality **soldering** materials. For over four decades, we have been serving industries with reliable and consistent products that meet the evolving needs of the electronics and electrical manufacturing sector.

Our focus is on delivering superior soldering solutions, backed by technical expertise, consistent quality and a deep understanding of our customers' requirements.

We specialize in manufacturing solder wires, solder sticks, liquid flux and solder paint, including lead-free solutions, catering to a wide range of industrial applications.

At **SREE SUPREME SOLDERS**, we are committed to quality, reliability and long-term partnerships, helping our customers build stronger connections for a better tomorrow.

**Product
Expansion**

**Lead-Free
Solutions**

Today

The beginning of our journey under the leadership of **Mr. P. Sekar**.

Expanding capabilities to meet growing industry demands.

Broader range of solder wires, sticks, flux and solder paint.

Adapting to a greener future with lead-free soldering solutions.

Continuing our legacy with a focus on innovation, quality and customer success.

OUR PRODUCT RANGE

SOLDER WIRES FOR RELIABLE CONNECTIONS

High performance solder wires designed for superior wetting, stronger joints and consistent quality across electronics and industrial applications.

CONSISTENT
QUALITY

SMOOTH
SOLDERABILITY

STRONG
BONDS

WIDE
APPLICATIONS

01

NO-CLEAN SOLDER WIRE

CLEANER SOLDERING.
HIGHER EFFICIENCY.

PCB soldering

Electronic components

Electrical applications

No-clean solder wire is designed to leave minimal residues, reducing the need for post-soldering cleaning and ensuring reliable, clean and durable joints.

02

UREA FLUX CORED SOLDER WIRE

BETTER WETTING.
STRONGER JOINTS.

Flux-cored soldering

Industrial applications

Electronic manufacturing

Urea flux cored solder wire offers excellent flux activity, ensuring better wetting, strong and reliable joints for a wide range of industrial and electronic applications.

03

LEAD-FREE SOLDER WIRE

A GREENER TOMORROW.
SAME RELIABILITY.

RoHS
Compliant

Environment
Friendly

Lead Free

Lead-free applications

Electronics manufacturing

PCB assembly

Lead-free solder wire is an environment-friendly solution, meeting modern industry standards without compromising on performance and reliability.

GROWTH

01

SOLDER STICKS

STRONG JOINTS FOR INDUSTRIAL APPLICATIONS

Metal joining

Electrical
applications

Industrial
soldering

Tinning
operations

High quality solder sticks designed for industrial soldering and tinning applications, ensuring strong and reliable joints.

02

LEAD-FREE SOLDER STICKS

ECO-FRIENDLY SOLUTIONS FOR A GREENER TOMORROW

LEAD FREE

Lead-free
formulation

Industrial
applications

Reliable
performance

Environment
friendly

Lead-free solder sticks designed for industrial applications, meeting environmental requirements without compromising on performance.

03

LIQUID FLUX

ENHANCED WETTING. BETTER SOLDERING.

Improves
solder flow

PCB soldering

Component
soldering

Industrial
applications

High quality liquid flux for better wetting and stronger solder joints. Suitable for PCB soldering, component soldering and industrial applications.

04

C & D GRADE SOLDER PAINT

RELIABLE COATING FOR INDUSTRIAL USE

Smooth
application

Electrical
tinning

Industrial
use

Consistent
quality

C & D grade solder paint designed for industrial soldering and tinning applications, offering reliable performance and consistent quality.

01 PCB SOLDERING COMPANIES

PRECISE SOLDERING FOR BETTER CIRCUITS

- PCB assembly
- Component soldering
- Electronic manufacturing
- High reliability connections

02 CAPACITOR MANUFACTURERS

RELIABLE SOLDERING FOR CONSISTENT PERFORMANCE

- Capacitor production
- Electrical component manufacturing
- Strong and durable joints
- Consistent quality output

03 ELECTRONICS INDUSTRY

SOLUTIONS FOR A CONNECTED WORLD

- Electronic components
- Circuit assembly
- SMT & through-hole applications
- Reliable soldering solutions

04 ELECTRICAL INDUSTRY

STRONG CONNECTIONS FOR A SAFER TOMORROW

- Electrical connections
- Wire terminals
- Switches & connectors
- Industrial electrical applications

05 INDUSTRIAL MANUFACTURING

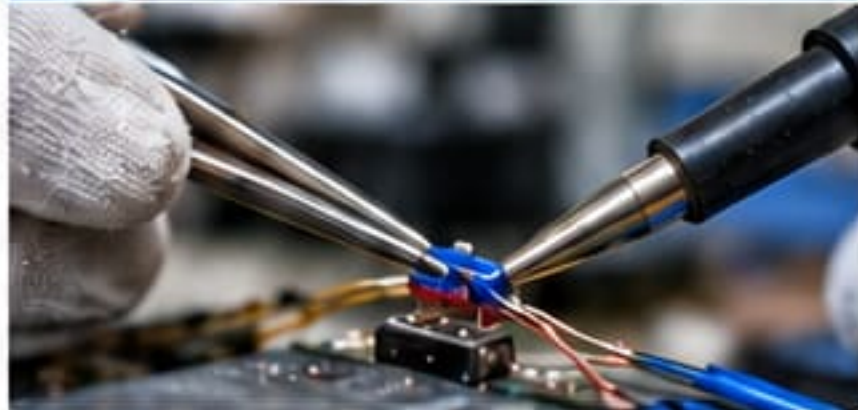

DEPENDABLE SOLUTIONS FOR HEAVY APPLICATIONS

- Metal joining & tinning
- General soldering applications
- Maintenance & repair
- Consistent performance

06 OTHER APPLICATIONS

VERSATILE SOLUTIONS FOR VARIOUS NEEDS

- Appliances & instruments
- Automotive electronics
- R&D and prototyping
- Educational & training institutes
